A Bed of Darwin Tulips

In Solid or Alternating Colors is the Choice of Many

There are so many kinds and varieties of Darwin Tulips to pick from that it is almost impossible to make a selection. There are single, double, and Triumph Tulips; there are also those that bloom in a solid color, or those that are a mixture of colors. Whether you like the single or double or Triumph Tulips, or whether you prefer a solid color or a mixture of colors, there is sure to be something to suit your taste.

Our Spring specials are now available, and these include a wide variety of Darwin Tulips, both single and double. The solid colors are particularly popular this year, with blues, pinks, and yellows being especially favored. The mixture of colors is also very attractive, with a variety of shades and tones creating a colorful and pleasing effect.

The Tulip Festival is coming up soon, and we are offering a special discount on all Darwin Tulips during this time. If you order now, you can save up to 20% on your purchase. Hurry in and take advantage of this offer before it is too late.

New TARIFF INCREASES COST OF IMPORTING HOLLAND GROWN BULBS

GROWERS' SALES CO. ABSORBS THIS ADDITIONAL EXPENSE AND SELLS AT NORMALLY LOW PRICES

The Tariff Law passed this Summer by Congress greatly increased the cost of importing all Dutch Bulbs, particularly Tulips, which will add tremendously in most cases to the retail price of these famous Spring beauties. It will add, of course, to the cost of Holland Tulips, particularly the famous Darwins.

However, we are pleased to tell you that we are able to absorb this increased cost and still offer you the finest Darwin Tulips at our normally low prices. This is the result of the fine workmanship and the long years of experience that have gone into the growing and handling of these famous Dutch Tulips.

We are proud to offer you the finest Darwin Tulips at the lowest possible price. We are sure that you will be pleased with your purchase, and we look forward to serving you again in the future.

A Few Dollars Invested in Flowering Shrubs will add Hundreds to a Property's Value
FLOWERING SHRUBS PROVIDE AN INEXPENSIVE METHOD OF BEAUTIFYING THE HOME GROUNDS

The Beautiful Hydrangeas
ARE ONLY 45c EACH

HYDRANGEA P. G.

Hydrangea P. G. is probably the most distinct and beautiful of the flowering shrubs. It is very free blooming and will continue to flower from early July until frost. A few prunes after the last bloom and it will continue to flower on new wood. Even in moderate sunny positions, this shrub will bloom profusely. The flowers are large, round and white in clusters. The hydrangea P. G. does so well in New Jersey that it is planted here on every street.

45c Each — 50c to $1.00 — $3.65

HYDRANGEA A. G.

The abundance of blooms of these handsome shrubs and their long flowering season, in spite of their small white clusters, is truly remarkable. The shrub rises gracefully white and blooms from July to September. By pruning the wood after the last bloom, the latter may be kept one and done at a height of four to six feet. These shrubs are often planted as borders or in front of the house.

45c Each — 50c to $1.00 — $3.65

Beauty from Spring 'Til Fall

Plant Fruit Trees in Your Back Yard This Fall

Such a planting combines beauty and utility, a beautiful shade tree that provides fruit for the family

PLANT FRUIT TREES IN YOUR BACK YARD THIS FALL

SUCH A PLANTING COMBINES BEAUTY AND UTILITY, A BEAUTIFUL SHADE TREE THAT PROVIDES FRUIT FOR THE FAMILY

APPLE TREES

Choicees are extremely valuable as ornamentals as well as for the fruit they produce. Any good soil and plenty of care should grow excellent Apple Trees. Planting is best done in the late autumn or early spring. In late autumn, however, the Apple Trees should be pruned to reduce the number of leaves and to increase the size of the flowers. Apple Trees are shipped in three sizes: one-year-old, two-year-old, and three-year-old.

Cherry Trees

Sweet Cherries are a delightful addition to the fruit garden. They are hardy and productive, with beautiful blossoms in the spring. The berries are large, sweet, and juicy. The tree is easily propagated from seed or by layering. Cherry Trees are shipped in three sizes: one-year-old, two-year-old, and three-year-old.

Apricot Trees

The Apricot tree is a hardy fruit tree that produces large, juicy apricots. They are easy to grow and require little care. The tree is propagated from seeds or by grafting. Apricot Trees are shipped in three sizes: one-year-old, two-year-old, and three-year-old.

Pears

Pears are a delicious and nutritious fruit that is easy to grow. The tree is hardy and productive, with beautiful blossoms in the spring. The fruit is large, sweet, and juicy. The tree is propagated from seeds or by grafting. Pear Trees are shipped in three sizes: one-year-old, two-year-old, and three-year-old.

Plum Trees

Plums are a hardy and productive fruit tree that produces large, sweet plums. They are easy to grow and require little care. The tree is propagated from seeds or by layering. Plum Trees are shipped in three sizes: one-year-old, two-year-old, and three-year-old.
HYACINTHS ADD WONDERFULLY TO THE BEAUTY OF THE SPRING VIEW
IMPRESSION AND BEAUTIFUL IN EITHER BEDS OR BORDERS

Bedding Hyacinths Are Very Reasonably Priced

If you are planning to start your beds early in the spring, you can not do better than to use Hyacinths, which will bloom in the same bed for many years, though it is well to remember that after the first season the flowers do not appear to be quite as large as they were. The bulbs are also very reasonable in price, $1.50 per doz. for Pinks, Blue and Pure White, and $10.50 per 100. They are a delight to see in beds and borders, and the price is so reasonable, you can not do better than to try planting some of them.

Have You a Color Scheme?
Work It into Your Hyacinth Bed

Large blocks of brilliant colored flowers will dress up any shrubbery or flower border where they are used. For instance, you may place a bed of Pinks in front of a green hedge, or in front of a bed of shrubs of the same color. The beauty of the flowers will be in keeping with the background, and the color scheme will be carried into your garden.

BEAUTY OF THE SPRING VIEW
EITHER BEDS OR BORDERS

Use the Largest Named
Hyacinths for Indoors

Our Hyacinth bulbs are the same kinds that we use for outdoors, so you can plant them in a flower bed, in a corner of the porch, or in the shade of a tree or shrub, and they will grow and bloom just as well as if you had planted them outdoors. They are hardy, and will bloom for many years if they are properly cared for. The bulbs are large and strong, and will make a fine show if planted early in the spring. The flowers are large and beautiful, and will last for many years if properly cared for.

The Giant Hibiscus

Mammoth Hollyhock Shaped Flowers of the Softest Shades and Colors

A wonderfully improved form of our old favorite, the Giant Hibiscus. The blooms are much larger than the ordinary varieties, and are of the most beautiful shades and colors. The flowers are large and double, and the plants are very hardy. They are very beautiful, and will make a fine show if planted in the spring. The flowers are large and double, and the plants are very hardy. They are very beautiful, and will make a fine show if planted in the spring.
